

THE BLOOD COVERED IT ALL

Have you ever tried to measure just one sin
Seeking forgiveness
When your heart knows within
Our God will not judge us
On how big or how small
He looks for Calvary's blood
To cover it all

The blood, the blood
Covered it all
Love has no boundaries
Sin's debt paid in full
Jesus knew in the beginning
That man would surely fall
I'm glad the Savior's precious blood
Covered it all

Try to imagine how this miracle took place
Love beyond measure our God's amazing grace
Sometimes when we're weary
We might stumble and fall
But just one drop of His precious blood
It covered it all

The blood, the blood
Covered it all
Love has no boundaries
Sin's debt paid in full
Jesus knew in the beginning
That man would surely fall
I'm glad the Savior's precious blood
Covered it all

Jesus knew in the beginning
That man would surely fall
I'm glad the Savior's precious blood
Covered it all
