

# EVERYDAY JESUS

By John Lemonis and Tammy Pierce

When I'm up on the mountain I can still see the valley  
And it serves as a reminder of every battle I've never won  
Half the time I take a stand it seems I end up falling  
So I thank the Lord this life is more about what you've already done

Everyday Jesus I wake up in your grace  
Everyday Jesus you're the one that keeps the faith  
I give you all my heart, gonna try real hard and I pledge to you allegiance  
When one day a week religion won't work for me  
I need an everyday Jesus

Well I think it's so amazing that you could really use me  
Cause I know you know me better than I could ever know myself  
Lord I keep seeing shadows from a past that keeps returning  
But the shadows prove there's a lot of truth my darkness to dispel

Repeat chorus

**Bridge:** when I give you my word you know my every secret  
But when you give me your word, you got the power Lord to keep it

Repeat chorus
